## 紅黃牌以外仲有咩罰卡？

### Penalty Cards Other Than Red / Yellow Cards?

紅、黃牌的罰則一般都離不開警告、運動員被罰驅逐離場等等。但原來有部份比賽還有紅、黃牌以外的警告牌，以學體會比賽項目為例，手球、劍擊及曲棍球比賽就是其中的一些例子。

手球比賽中有比紅牌更嚴重的「藍牌」，當球證判罰藍牌後須向賽會提交書面報告以作跟進，被判罰球員經跟進後有機會被判罰停賽，或接受其他處分等等。

劍擊比賽則有點不同，劍手被判紅牌後不會即時被罰離場，但對手則會自動加一分。當劍手違犯更嚴重錯誤時，裁判可判罰「黑牌」，其時該劍手才會被罰離場。離場後該劍手將不可參與該項比賽的餘下賽事，以及禁止參與當季比賽 60 天。

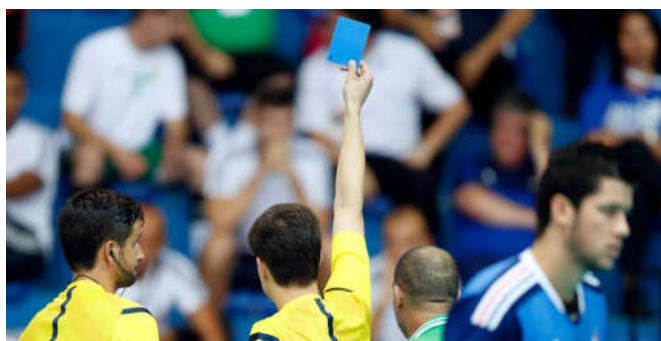

至於在曲棍球比賽中，則設有比黃牌更「溫和」的「綠牌」，球員被罰綠牌後須離場兩分鐘、黃牌則須離場最少五分鐘；獲紅牌則即時判罰離場。

By indicating yellow or red cards during matches, the offending players would normally be warned or suspended from the current match, while there are some exceptions. Taking the events from HKSSF as examples, there are other cards available other than red and yellow cards, like Handball, Fencing and Hockey competitions.

First of all, there is 'Blue Card' in handball matches. When the offending player receives a blue card, the player will be suspended from the match and the referee shall submit a written report to the host of the tournament for further action. The player may be penalised with suspension for the next match or other penalties, depending on the offence.

For fencing competitions, the offending fencer will not be suspended from the match when a fencer receives a red card, however, 1 point will be given to the opponent. The fencer will be suspended from the match only when he/ she receives a 'Black Card'. Fencer receiving a black card will be excluded from the competition, suspended for the remainder of the tournament and the following 60 days of the active season.

The case in Hockey is a bit different, a 'Green Card' is the more mild type of card compared to a yellow card. The offending player will be temporarily suspended for 2 minutes and a minimum of 5 minutes when he/ she receives a green card and yellow card respectively. And of course, players are permanently suspended from the match when receiving a red card.
